#### What happens at the end of my Corporate Membership Agreement term?

Corporate Membership Agreement term, the membership will expire. ### **What happens if my Membership Transfers to Another Club? What if that Club is not providing Corporate Memberships?**

Membership Agreements at Anytime Fitness can be transferred to another club based on your usage of that club. The details on what causes a Membership to Transfer are contained in the standard Terms & Conditions of your Membership Agreement. Should your Membership transfer, it may be transferred to either a Club offering Corporate Memberships or not. If the Club provides Corporate Memberships, your rate will stay the same. If the Club does not provide Corporate Memberships, a Transfer may result in your Membership Agreement pricing changing to the pricing at the Club to which you have transferred. This would result in you losing your Corporate Membership status, which would be replaced by a Standard Membership status. Should you decide to transfer back to a Corporate Membership Club, please liaise with the Manager of that Club for them to reduce your rate back to a corporate rate.

### **What happens if the Club near me doesn't offer Corporate Memberships?**

If the Club near you does not offer Corporate Memberships, you are welcome to reach out to them about another Membership type at their Club. Alternatively, you will need to find an alternative Club that provides the Corporate Membership offer.

### **Are my friends and family able to get a Corporate Membership?**

No, the Corporate Membership offer is limited to staff of the business with whom the Corporate Membership arrangement is in place.

### **What payment terms are available for a Corporate Membership?**
